Date: 07-29-2015

Laboratory Notes:

Samples were received in acceptable condition unless otherwise noted in the laboratory comments section. This report may not be distributed or reproduced except in full, without written permission from Genysis Labs. Client shall not at any time misrepresent or alter the contents of this report. Any violation of these conditions voids this report. Genysis Labs assumes no responsibility, and client hereby waives all claims against Genysis Labs, for interpretation of such results. The results apply only to the sample(s) provided by the client. All work is done in accordance with Genysis Labs Terms and Conditions of Sale. Full text available on www.genysislabs.com/Terms

Result Symbol Definitions:

MDL = Method Detection Limit, a statistical measurement of method/media/instrument sensitivity

MRL = Method Reporting Limit, a verified value of method/media/instrument sensitivity

ND = Not Detected, testing result not detected above the MDL or MRL

^ = ISO 17025 certified method

* = Analysis performed at a subcontract location

*** = No result could be reported, see above comments
